

It was cold enough, but too cloudy for frost.

The streets presented a lively appearance to-day they have for some time.

Chicago buyers are increasing in number, but farmers are not over anxious to sell just now.

The Power City band left this morning for the town of Center, to entertain at the Young America fair.

Rockford claims to have won a game of base ball at last, but she had to borrow the men from Chicago.

The league ball games yesterday resulted as follows: Chicago 5, Worcester 0; Providence 6, Detroit 5.

Two tramps, arrested by Marshal Hogan, were awarded a few days in jail by Judge Patton, this afternoon.

The general sentiment of the public is, that some official inquiry should be made into the death of Louis Stark.

It has not been learned, yet, how the Bower City ladies acquitted themselves in the military prize drill in Milwaukee.

The soda fountains cannot be said to be doing a land office business in this weather. They will spur only a little while longer.

A number of carriages left here this afternoon, freighted with merry parties on their way to the Young America Fair, in the town of Center.

There was not much interest manifested in the base ball game to-day. The weather was a little too chilly for spectators to sit out in the air.

A new and unique sign has been adopted by Mr. H. H. Blanchard, the real estate agent, for use on his buggy.

It is a very novel device.

There will be no theatrical performances here until Fall week, when the Horner Herbert combination will appear for a week at the Opera house.

The time intervening between now and the opening of the Rock County Fair, is short, and persons intending to exhibit articles should be preparing for it.

It has been stated on good authority that only one member of Engine Co. No. 2, was engaged in the brutal spunk, which probably resulted in the death of Louis Stark.

A number of ladies were handsomely entertained last evening, by Mrs. C. Miner at her residence. The affair was very exclusive, "these horrid men" being rigorously kept at a distance. The party was presided over by Mrs. C. Miner.

In justice to Marshal Hogan, it must be said that he was not to blame in the Stark affair. He was told the man was drunk, and to take him to jail. Even if he had known the man was sick, there was no other place to take him, and in removing him from the street, the Marshal did his duty.

The ladies of Rock county should remember the prizes offered by Andrew's Pearl Cake Powder company for the best cakes made of that powder, by any lady of the county. The incentive to show ability as pastry cooks is a strong one, and the fair ought to have a splendid cake display.

Are the persons who drowned Louis Stark with a hose, not to be blamed? Their names should be ascertained by the city authorities, although they committed the cruel act, little thinking the result would be so serious, the city should see that such outrages are not repeated.

The game of ball at the Driving Park to-day between the Mutuals and the so-called Rockford nine, will be a good one, as both clubs are in fine condition. These clubs have played two games, one on Tuesday and the other yesterday, both of which resulted in the defeat of the Mutuals by scores of 13 to 2 and 9 to 6. The Rockford club is composed principally of players from Chicago, who it will be seen must play a good game in order to defeat our boys by such scores. The Mutuals are determined to get even and as they are on their own ground will probably be successful.

The Deloit Free Press contains the following very just criticism of the conduct of the hotel proprietors here: "Well! I snuff! If the Janesville hotel lords don't refuse to run 'buses to the night trains because said trains carry passengers away from the city who otherwise would be compelled to remain at the taverns over night and to breakfast next morning. Why don't these enterprising hoteliers board all trains passing through that city, and collect fifty cents from every through passenger, upon the ground that there are hotels in Janesville for the accommodation of travelers, and it is the passenger's own fault if he doesn't stop and get his money's worth."

The annual rental of slips for the First Congregational Church will occur on Monday evening, October 2d. All persons desiring slips or sittings for the ensuing year are requested to be present on that occasion.

By Order of the Trustees.

The Van Depoele Electric Light.

It is important that our citizens know something about the electric light company, who are to introduce electric light in Janesville. We may say first that while it is the youngest company, their light has been introduced and used with satisfaction in the Milwaukee exposition building, (60 lights), in a number of places in Rockford, notably the Rockford Bolt Works Co., the Nelson Knitting Co., the Defiance Ohio Wagon Co., and many places in Chicago, the Thern Wire Hedge Co., Central Music Hall corner, and other places. The Cedar Rapids Electric Light Co., and the Oskosh Electric Light Co., have just adopted the Van Depoele light.

This company is a Chicago institution with a capital stock of \$1,000,000, and includes among its stockholders some well known capitalists. A. K. Stiles is President, Christian Wahl, John G. Pierson, Chas. W. Lasher, W. H. Turner, W.

H. Banks, are in the long list of directors. Although the youngest electric light company they are meeting with remarkable success, the stock going from fifty cents on the dollar to par within the past four months. The Van Depoele light excels in steadiness, quantity, brilliancy and resemblance to sunlight and in the great saving of power required in producing it. (The apparatus is protected by letters patent. It is the only light requiring a positive and negative carbon—not a small incandescent light burning in a vacuum, and is estimated at 2,000 candle power to a lamp. It does not flicker, and is therefore much sought after for lighting manufacturing stores, halls and for street lighting."

The Van Depoele Company is not in the combination of electric light companies, and makes terms direct with local organizations, which are as favorable in most instances as Western agencies can obtain from Eastern companies. It is disposed to live and let live.

ARREST OF A BEGGAR.

A Man with Two Wives is Brought from Illinois on a Requisition.

John A. Johnson is the name of an individual now behind the bars of the Rock county jail, on the charge of bigamy. The accusation is made by a young woman residing in the town of Newark, whose maiden name was Helen Eugen.

According to the deposition made by the deserted wife, before Judge Patton, she went to Dakota in 1880, and remained there with some relatives for about a year. During her stay in the territory she met Johnson, who paid devoted attention to her, and finally asked her to be his wife. The young lady was then nineteen years of age, and comely. She consented to accept her ardent lover, and the two came to Rock county together in December, 1881, when they were married at the residence of her parents in Newark. Johnson remained with his bride at her home for about three weeks, and left for Dakota, telling her he was going to prepare a home for her in the new country. The young wife bade him good-bye, and patiently waited a summons to join her husband, but none came. She instituted inquiries and learned that her recent spouse, was married to another woman, who lived in Nettie Creek, Grundy county, Illinois. Trusting in the fidelity of her husband, who had informed her before marriage that he was a widower, the wife at first refused to believe the story and denounced it as a base fabrication of trading busy bodies. The report, had a strong color of truth, however, and she at last determined to investigate for herself. She went to Nettie Creek and learned that her information was only too true, and that she was not a wife, her betrayer being already supplied with a full complement. She returned home, determined to prosecute her betrayer, but for a long time he evaded her. Finally it was discovered that Johnson was a prisoner at Morris, Ill., on a charge of forgery, and the sheriff of Rock County went to Morris to make an effort to bring the man here. The Illinois authorities refused to release him until he should be tried for his offense there. Two days ago, the authorities here were notified that Johnson's attorney had applied for a writ of habeas corpus, and the sheriff immediately left for Morris. Johnson was released on the writ of habeas corpus, but was turned over to the sheriff of this county, who was armed with a requisition, and was brought here last night. It was intended to arraign the accused in the municipal court to-day and hold an examination, but the witnesses were not present.

Unworthy Influence.

Many persons are prejudiced against proprietary medicines. They do not know why. Many narrow-minded doctors condemn them without knowing, or caring to know in the least about them—solely through principle and self-interest. These are mostly young and inexperienced in practice. "Prejudice is strong where the judgment is weak."

Many physicians and educated men, endorse those remedies which they find most efficacious for the diseases for which they are recommended. One of these, strongly endorsed, and coming into popular use, for the Liver and Dyspepsia, is ZORINA, 8 oz. bottles 75c. 6 dr. 10c. Sold by Prentice & Evenson.

Hearty Recommended.

Don't condemn a good thing because you have been deceived by worthless impostors. (Clark) Ginger Lotion has cured many in this section of nervous disorders, and we recommend it heartily to such sufferers.—News.

The Weather.

REPORTED BY PRENTICE & EVENSON, DRUGGISTS.

The thermometer at 7 a. m. to-day registered 47 degrees above zero, at 1 p. m. 61 degrees above. For the corresponding hours last year the figures were 51 and 80 degrees above.

The signal service indications for to-day were:

Upper lake region—Fair weather, northerly winds, becoming variable, stationary, followed by falling barometer, and higher temperature.

Our Glorious Independence.

What can be more glorious than to be independent of suffering, caused by dyspepsia, indigestion, constipation, sick headache, or other diseases emanating from the stomach. This can be easily gained by a timely use of BUNDOCK BLOOD PURIFIER.
